Comprehensive and compliant online training that your employees can complete in 90 minutes!

29 CFR 1910.1030 requires employers to safeguard employees who have reasonably anticipated exposure to blood or other potentially infectious materials. NSC Bloodborne & Airborne Pathogens Online is the only online course that ensures your employees' training is fully compliant. Your employees will learn what to do if an exposure to bloodborne or airborne pathogens occurs.

Who should be trained:

- ✓ Employees trained in first aid, CPR and AED and who are responsible for rendering medical assistance
- ✓ Plant operations engineers, maintenance workers and janitors
- ✓ Fire, Police, First Responders and Healthcare professionals
- ✓ Teachers, coaches, school personnel and child care workers
- ✓ Hotel housekeepers and hospitality workers

For more information about all of the NSC First Aid training programs: visit nsc.org/firstaid, call **(800) 621-7619** or contact your local **NSC Chapter**.
