The best training for rescue personnel

The NSC Emergency Medical Response course is based on the most recent national EMS education standards and instructional guidelines - delivering content essential for emergency response teams, safety personnel, fire, police and ambulance personnel, EMS professionals and health care providers.

Participants Learn How To:

- ✓ Assess patients
- ✓ Address airway and breathing emergencies
- ✓ Respond to cardiac emergencies, including CPR and AED training
- ✓ Treat illnesses and injuries, including medical emergencies
- ✓ Administer remote-location first aid
- ✓ Understand EMS Operations
- ✓ Respond to childbirth scenarios
